

MEMORY GAME

- Ask an adult to cut out all of the game pieces along the dotted lines, so that each piece has two hexagons (one a picture from the film and one with the title), connected on the "FOLD" line.
- Carefully fold the game pieces so the picture is on one side and the title is on the flip side; glue or tape the two sides together.
- Place on a flat surface, picture side down, and mix up the game pieces.
- Each player takes a turn flipping over two game pieces to try to make a pair. Matching pairs are removed from the game surface. Mismatched pairs are turned back over and left on the game surface. Keep taking turns until all pairs are matched.
- Player with the most pairs at the end wins.
